

RANDALL A. MEYER

Managing Partner

Minneapolis, Minnesota

Mr. Meyer has more than 30 years of executive management experience. He previously served as the Chief Operating Officer at PetVivo Holdings, Inc, where he currently serves as a member of our Board of Directors. Prior to this he served as Chief Operating Officer of Gel-Del Technologies Inc. where he worked for nine years in business development and product pipeline expansion, in addition to his efforts to secure operating capital.

As Chief Operating Officer at Softscope Medical Technologies Inc., Mr. Meyer guided the early-stage medical device company through successful preclinical studies, clinical trial approval and the securing of \$4.5 million in capital. Fujinon acquired Softscope.

Mr. Meyer served as Chief Executive Officer and a Director at Tactile Systems Technology, Inc. (Tactile Medical) TCMD. At Tactile, his accomplishments include securing private equity funding, developing a profitable reimbursement strategy and leading the company's vascular device through FDA compliance, clinical trials, and a successful commercial launch. In addition, Mr. Meyer recruited the company's management team and board of directors who continue to grow this profitable business generating over \$150 million in annual revenues with a market cap exceeding \$1 billion.

Mr. Meyer served as publicly elected member of the Edina School Board for four terms (16 years). He served at Board Chair; a position the board has elected him to annually for eight years. Edina Public Schools is a nationally recognized suburban public school district serving approximately 8,500 students. He also served as the Chair of the Metro Services board of Minnesota Technology Inc., a non-profit chartered by the state legislature to improve. He has a Bachelor of Science degree from the University of Wisconsin at River Falls, where he twice was awarded the Chancellor's Award for leadership, the University's highest nonacademic honor.
